MANAGING DIRECTOR
Mr. Nguyen The Hien

**“QUALITY
INSTEAD
OF
SPEECH”**

Open Letter,

Dear Valued Customers and Partners,

Phu Cuong Co., Ltd. would like to extend our sincere greetings and best wishes for your health and success. With over 22 years of experience in precision plastic component manufacturing and mold fabrication, we are proud to be a trusted partner for both domestic and international clients. We continuously invest in advanced technology, modern machinery, and skilled personnel to meet the highest standards of quality and precision.

Our vision is to become a leading **OEM/ODM** manufacturer in Vietnam, specializing in **plastic components, mold making, and precision engineering** for automotive, home appliances, industrial and electronics sectors. We provide comprehensive solutions from design and mold making to mass production, ensuring optimal cost and quality.

Guided by our core principles:

- *Quality as the Foundation*
- *Credibility as the Commitment*
- *Partnership as the Core Value*

Phu Cuong always places customer benefits and satisfaction as our top priority. We believe that sustainable cooperation is built on transparency, flexibility, and long-term mutual development.

We sincerely look forward to the opportunity to collaborate and become your trusted manufacturing partner in the near future.

Sincerely,

Managing Director

COMPANY OVERVIEW

Phu Cuong Co., Ltd. was established in 2003. With over 22 years of development, we take pride in being a manufacturer specializing in **Precision plastic components**, **Mold fabrication**, and **Precision engineering**.

VISION

Phu Cuong Co., Ltd. continuously strives to improve and develop, aiming to become one of the most reputable leading manufacturers of **precision plastic products** in Vietnam.

MISSION

Contributing to sustainable value creation for customers and society within the global supply chains.

CORE VALUES

Quality – Consistent high standards.
Customer Focus – Long-term partnership.
Continuous Improvement – Always evolving.
Integrity – Transparent & reliable.
Efficiency – Optimizing costs and production performance.
Sustainability – Sustainable development with environmental responsibility.

- Plastic components for automotive, motorcycle, electronics products, home appliances..., etc
- Automotive & Motorcycle air filters
- Sanitary products & Accessories
- Precision machining parts

MANUFACTURING OPERATIONS AT PHU CUONG

OUR FACTORIES

Factory 1

- **Established in:** 2003
- **Area:** 10.000m²
- **Address:** Dau Street, Nhu Quynh, Hung Yen, Vietnam
- **Main Manufacturing Sector:**
Automotive and Motorcycle Air Filters & Precision Machining
- **Total Employees:** 105
- **Production Capacity:** ~ 22 million products/year

Factory 2

- **Established in:** 2015
- **Area:** 12.000m²
- **Address:** Ngoc Quynh, Nhu Quynh, Hung Yen, Vietnam
- **Main Manufacturing Sector:**
Precision Plastic Components & Mold Fabrication
- **Total Employees:** 201
- **Production Capacity:** ~ 60 million products/year

ACTIVITIES

Phu Cuong Co., Ltd. not only focuses on business efficiency but also places great emphasis on corporate social responsibility (CSR).

With the motto of sustainable development closely linked to the community, the company regularly implements practical activities to protect the environment, take care of employees' welfare, and contribute to local social security programs.

These efforts not only affirm **Phu Cuong's** reputation and long-term vision but also demonstrate its commitment to accompanying the overall development of society, building the image of a humane, responsible, and trustworthy enterprise".

Every year, the company organizes regular health check-ups for employees and frequently sends staff to training courses to improve their skills, ensuring they can meet job requirements and enhance productivity. **Phu Cuong Co., Ltd.** always aspires to deliver the best services to our valued customers.

Best regards!
